Start Date:	4/17/2024 11:00:00
End Date:	4/17/2024 12:00:00
Visit/Workshop for	- Degree, Diploma

**Summary:**

The Divine Connect Team of Saffrony Institute of Technology recently organized a non-technical event titled 'How to Increase Concentration Power,' conducted by Mr. Deven Kamdar, a spiritual counselor at the Dada Bhagwan Foundation.

This session was divided into two halves. In the first half, he talked about his life journey and addressed the latest problems students face, such as stress, anxiety, and depression, by employing a unique blend of spiritual wisdom and practical counseling techniques. The second half of the session was marked by an inspiring and engaging question-and-answer format that helped energize the audience. A range of thought-provoking questions was discussed in detail, including how to improve concentration during lectures, why we stress out every single time before exams even though we have taken them many times, and how to avoid distractions when studying on a phone, among others. Undoubtedly, this session will help students in every aspect of their life.
