

SAFFRONY INSTITUTE OF TECHNOLOGY S.P.B. PATEL ENGINEERING COLLEGE

Undertaking

At S.P.B. Patel Engineering College, the practice of documenting student attendance has commonly involved the use of attendance sheets during seminars, workshops, and value-added courses, with no prior emphasis on collecting individual student signatures.

However, in our ongoing commitment to enhance student engagement and academic accountability, we are instituting a new protocol. Henceforth, the institute will begin the practice of collecting signatures from students at every event.

By signing below, we acknowledge and support this new initiative.
