SUMMARY**SAFFRONY & NAARRI – NATIONAL SEMINAR ON RADIATION TECHNOLOGY FOR SOCIETAL BENEFITS**

We take this opportunity to share the success of National Seminar on 'Application of Radioisotopes and Radiation technology in Agriculture, Industries, Healthcare at Saffrony Institute of Technology, Mehsana' on 15th – 16th February, 2019 as under;

- We have received an overwhelming response from students and professors. Approximately more than 670 participants from over 60 colleges/institutions/industries across India attended 2 days seminar as per the details given below;

Sr. No.	Category	No. of Colleges	No. of Participants
1	Science	34	375
2	Engineering	22	191
3	Agriculture	4	48
4	Forensic	1	58
TOTAL		61	672

- We had to stop the registration because of the overwhelming response from the participants. However, the event was streamed live on Saffrony Institute of Technology's YouTube channel for the benefit of the students, professors, industrialists, researches and professionals.
- The seminar included talks /presentations by eminent scientists from Bhabha Atomic Research Centre (BARC), Department of Atomic Energy (DAE), Atomic Energy Regulatory Board (AERB), Board of Radiation and Isotope Technology (BRIT), Institute for Plasma Research (IPR), agriculture scientists leading doctors, etc. A list of the topics and eminent speakers who made the detailed presentation on contribution of Radiation Technology in the field of Agriculture, Industry and Healthcare, is published in the souvenir.
- The souvenir was released during the inauguration session and a copy of the souvenir was given to all the participants, speakers and guests.
- We are happy to inform you that such type of informative seminar on the Radiation Technology for societal benefit was organized for the first time in Gujarat. It has been decided to share the copy of the Souvenir with all leading educational institutes of Gujarat as their library copy.
