Dear Sir/Ma'am,

I am reaching out on behalf of **Saffrony Institute of Technology** to bring your attention to our college's Team Saarthak, which has been participating in the ABU Asia-Pacific Robot Contest (ABU Robocon) , an international competition. Our team has successfully completed **the first two rounds of the competition, ranking among the top-performing colleges out of 128 teams.** Also, we advanced in **Robofest (a national-level competition) and qualified at the first level of competition.**

We are thrilled to have advanced to the next stage of the competition, where we will showcase our project at **Thyagraj Stadium in New Delhi.** ABU Robocon 2023 is a highly anticipated event, attracting 1500+ people, including students, educators, and industry professionals, as well as an audience. Join us in our success by sponsoring our team! As a sponsor, **your company will gain visibility through our T-shirts, caps, banners, social media, and media coverage.** There are **26 members in our team.** Our event will also be live telecasted on YouTube and the Doordarshan Channel.

Saffrony Institute of Technology, a top-ranked engineering college of Gujarat Technological University, has been participating in the ABU Robocon for several years now and consistently ranks among the top-performing colleges. We believe that a partnership between your company and our college could create a mutually beneficial opportunity with a significant impact in the field of robotics. **We have attached the relevant documents for your reference.**

We would be thankful if you could take the time to review our proposal. We are looking forward to a positive reply and being part of our achievements. Thank you for your time and consideration.

Together, let's make education accessible for all. Your support can make a difference in our lives.

Our Contact Numbers:

Dear sir/Ma'am,

On behalf of the entire Saffrony Robocon Team, I am writing to express our heartfelt gratitude for your generous sponsorship of our team. Your support and contribution have played a pivotal role in helping us achieve our goals and make the event a resounding success. We are deeply grateful for your commitment to our team and the cause we represent.

We highly appreciate your token of sponsorship amount of **Rs 25,000/-** which we utilized for team t-shirts and for purchasing electronics components . As per our past mails conversations, we printed your company logos in the front side of the team T-shirts and total 8 students who went Delhi to represent the team wore the same. Photographs of the event and video links are attached herewith this mail. Also separate Logo printed T-shirt pictures are attached with this mail. Please find the same. On the very first time participation at DD Robocon, our team stood 21st among 68 teams and shortlisted 43 teams. But we had a great experience and learning session and students are much motivated to prepare better robots for the next year's events.

Once again, thank you for believing in our team and supporting our endeavors. We genuinely appreciate your sponsorship and the positive impact it has had on our team building and nation building. We remain committed to upholding the values and standards associated with your esteemed organization and will continue to strive for excellence in all our future endeavors.

Thank You,

Mentor,
Team Robocon,
Saffrony Institute of Technology, Mehsana
